Driver Solutions Update

The courts authority, if any, to give restricted Driver's License so defendants can work?

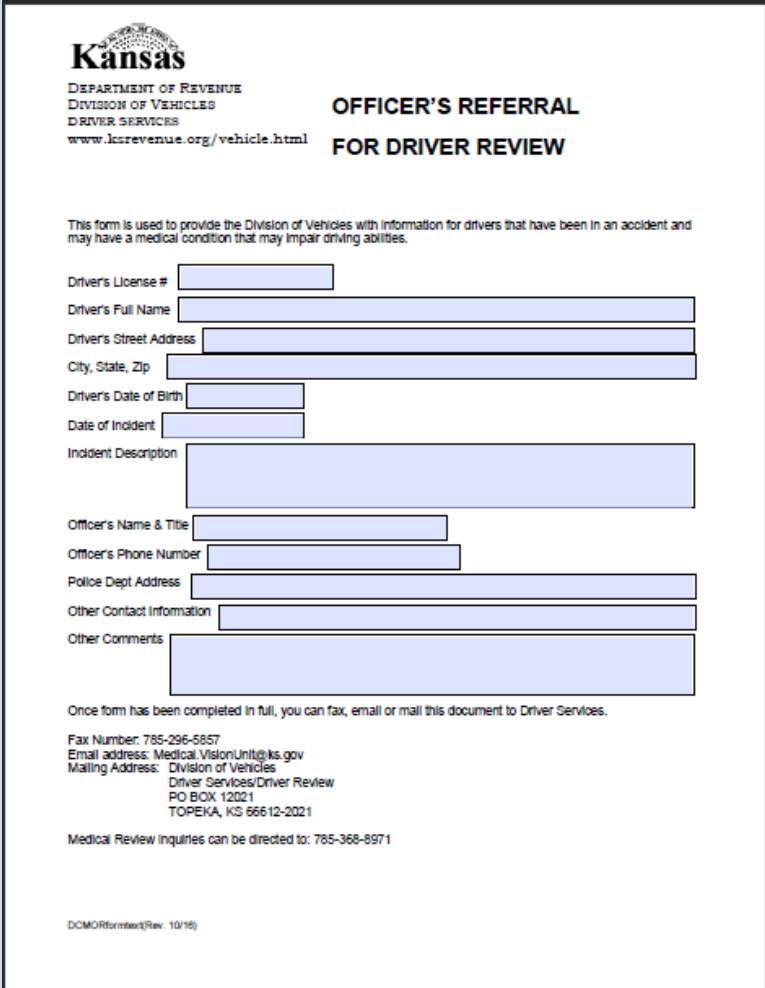

- The courts have authority to restrict driving privileges if offense is one listed in K.S.A 8-254.
- The authority comes referenced in K.S.A 8-292.

For what reason can an officer request a D.L. review on someone they feel should not be driving?

➤ There are no exact guidelines for this as it varies depending on the driver, officer and situation.

Would it ever be possible to be able to access the letters sent to drivers who are now suspended? Obviously many of these suspended drivers have moved and didn't receive the letter. It would be nice to be able to print the letter and give it to the defendant.

DL indicates – Restriction- the driving record has nothing about it??

Is there a "cheat sheet" showing all offenses that have ramifications concerning suspensions and restrictions?
